

LinkedIn Premium Networking Service

Service Delivery Checklist

1. You commit to:
 - Sharing at least five targeted job postings weekly.
 - Attending scheduled 1:1 calls with your career coach weekly (30 mins each)* required to attend at least two of these calls in a month.
 - Being available for introductory calls with recruiters. These will be scheduled based on your availability shared with the resume writer at the start of your collaboration.
2. To ensure you are the top candidate for open roles, you agree to provide feedback on the outreach messaging and applications and/or required platform access (e.g., job boards, application portals) within 24 hours of request.
3. You have a well-defined job title, industry, and/or company type that aligns with your resume and networking goals. If not, we will be happy to finalize this during your onboarding call.
4. You have the necessary licensure, training, or certifications for your target roles. You acknowledge that missing core qualifications will impact callback rates and outcomes.
5. You are legally authorized to work in the U.S. and do not require sponsorship, unless already discussed.
6. LinkedIn Network Health: You have
 - Premium LinkedIn account.
 - At least 300–500 relevant, 1st-degree connections in your target industry.
 - Willingness to allow outreach from your account.

Alternatively, we can help boost your visibility by building your connections from scratch (including targeting recruiters, peers, and decision-makers in your industry). You can upgrade your package for 100 connections/week for \$200. [Contact us for more details!](#)

7. Our engagement lasts 6–8 weeks, typically. However, this can vary based on your industry, network responsiveness, and market trends. High-velocity industries may move faster, while niche roles may take longer.

If you want to know more about the employment trends in your industry, please [reach out](#) to get a free curated list of job titles and industries.

8. You are prepared to start your outreach aggressively. Pausing the service without valid reasons (e.g., health, family emergency) will mark your file as inactive at our end and the original

guarantee will no longer apply.

9. You are open to targeting both onsite and remote roles and understand that if your selection is limited to particular work types, it may impact your callback opportunities.

10. The service will be considered complete when:

- You land a job through our network or your own outreach while we run the process for you. In case of the latter, hours spent by your resume writer on the outreach and application process will be considered towards service completion.
- You receive three or more meaningful networking calls or introductory interviews.
- You request to pause service after getting one or more interview opportunities.
- You become unavailable for more than two weeks without notice. We will follow up and mark your service done if we don't hear from you.
- We would be happy to continue at a prorated fee based on the remaining work required, should you decide to come back later.
- No refunds are applicable if the outreach and applications were complete from our end.

If you've reviewed and agree with the above, we are excited to move forward with you.
